

NeighborHealth is a new faith-based community health center providing primary care for all ages, serving pregnant women and welcoming patients with or without insurance.

Our Mission

Serving Christ by loving our neighbors through the practice of excellent, compassionate and accessible healthcare

Our Vision

A healthcare home restoring individuals and families by connecting them to God's love and to their community

Why NeighborHealth Center

As Raleigh grows rapidly, so does the number of men, women and children in need of primary care. NeighborHealth desires to partner with existing providers of healthcare to serve our most vulnerable neighbors.

Our Location: Lake Boone Medical Center

Strategically located in west central Raleigh, we create access to healthcare for families not being served by a safety-net provider. Over one quarter of Wake County's uninsured residents live in our west central Raleigh neighborhood.

Our location includes first floor space, ample parking and bus stops to accommodate our neighbors as well as patients from all parts of our city.

4201 Lake Boone Trail, Suite 005
Lake Boone Medical Center

OPENING SUMMER 2018

NeighborHealth FAQ

What distinguishes NeighborHealth Center from other safety-net providers?

1. Locating in an area of high need where no safety-net clinic exists
2. Serving all ages, from newborns through adolescence to adulthood
3. Serving pregnant women
4. Welcoming patients with Medicaid, Medicare, private insurance and the uninsured (via affordable sliding scale payments)

What medical services will you provide?

We offer a full range of family practice primary care services including prevention, diagnosis and treatment of acute and chronic illnesses; chronic disease management and prenatal care.

How are you funded?

We believe sustainability is best achieved through diverse income streams. NeighborHealth is funded by patient reimbursements, individual contributions, foundation grants, investor groups and church partners.

What does faith-based healthcare mean?

While NeighborHealth is aligned with Christian faith principles, we're committed to serving patients of any faith, without discrimination. Our practitioners strive to live out the Gospel by meeting each patient with the same grace, kindness and acceptance Jesus has shown us.

When will you open to serve patients?

Please check our website in June for information on making patient appointments. We are in the process of setting up operations and securing a phone number for our new offices.

Please contact us--we'd love to hear from you!
